# Catholic Social Teaching Presentations

The Office of Catholic Social Ministries is offering Catholic Social Teaching and Catholic Campaign for Human Development presentations for all ages. Your parish may host a presenter for children, teens and youth groups, or adults to learn more about the role of the Church in society.

What is Catholic Social Teaching (CST)? CST is the rich treasure of wisdom about building a just society and living lives of holiness amidst the challenges of modern society. Presentations will cover the seven themes of CST.

## Why host a CST presentation?

- CST offers a new way of thinking, being, and seeing the world!
- CST provides a vision for a just society!
- CST is the root of the Catholic Campaign for Human Development, a campaign where parishioners can apply what they've learned into action!
- CST is a conversation starter, bringing to light the social injustice in our communities and inspiring members to make a change in the lives of those who are vulnerable.

CST presentations will be tailored to fit the needs of your parish, goals of your audience, and level of your age group.

Presentations include:

- An overview of CST and its 7 themes
- Scripture connections
- A short video
- Interactive activities
